

October 23, 2024

Dear Neighbor,

We're writing to provide an update on the Medway Grid Project that is under construction at 49, 53, and 55 Milford Street, Medway, MA.

The Massachusetts State Police (MSP) will be conducting a training exercise on the premises during the week of October 28, 2024. There is expected to be a visible presence of law enforcement personnel and K-9 units on site.

Please let us know if you have any questions or concerns.

Sincerely,
Medway Grid Project Team

Local Benefits of the Medway Grid Project:

- Local energy reliability
- Construction jobs
- Community tax revenue
- System-wide grid resilience support
- Higher integration of renewable energy and electric transportation

Where can I find out more details on this Project?

Please visit our website where you can find more Project details www.medwaygridproject.com

What are the hours of construction?

Monday through Friday from 7:30 AM to 6:00 PM, with an exception of emergency circumstances on a given day that necessitates work beyond those hours.

What if I have a complaint regarding construction?

Should you have a specific complaint regarding construction phase of the Project, please let us know either by email, or using the "Contact us" functionality on our website: www.medwaygridproject.com

Please identify the specific issue related to construction that you are concerned about. Our intent is to address any construction issues identified in a reasonable timeframe.
